ANNUAL REPORT

OF THE

ELECTION DEPARTMENT

FOR THE YEAR 1916.

Boston, February 9, 1917.

Hon. James M. Curley,
Mayor of the City of Boston:

Sir,— In compliance with section 24 of chapter 3 of the Revised Ordinances, the Board of Election Commissioners respectfully submits its annual report.

Number of Voters.

At the city election held December 14, 1915, the number of male voters on the list was 114,569. The number of such voters on the first list published by the Board August 1, 1916, was 100,549. From that time to the close of registration for the city election there were added the names of 17,561 male voters. The number of male voters on the final list sent to the polls on the day of the city election held December 19, 1916, was 118,110, an increase of 3,541 over the number on the list at the preceding city election.

There were 11,043 female voters registered for the city election December 14, 1915. There were 10,946 female voters registered for the city election held December 19, 1916, a decrease of 97.

Voting Lists.

According to the provisions of chapter 91 of the General Acts of 1915 police listing was abolished and the assessors' lists were again made the basis of the voting list. This act has also incorporated important provisions relative to the method of supplementary registration. Under the old practice a male applicant had to appear before the Listing Board, establish his right to be listed and subsequently appear before the Election Commissioners to prove his qualifications as a voter.

Under the present system such applicant for registration, if not asesssed, must appear in person and present a statement in writing to the Election Commissioners, or assistant registrars, at their principal office, giving his name, age, occupation and residence on the first day of April in the current year, and his residence on the first day of April in the preceding year. The Election Commissioners are required to transmit a copy of this statement to the Police Commissioner, who is required to verify the statement of the applicant and report to the Election Commissioners within five days the result of the investigation. If the statement of the applicant is found to be true, the Election Commissioners are required to place the name of the applicant on the voting list. If not true, the applicant must appear before them, and if not satisfied, after hearing, that his statements are true, his name is not entered on the voting list. By this method an applicant need appear only once when applying for registration. Under the previous system he was obliged to appear twice, once before the Listing Board and a second time before the Election Commissioners. This is a step in the right direction, and if any change is made, such as is now contemplated by a bill before the Legislature re-establishing the Listing Board and restoring its duties, these provisions should be incorporated.

The following is a schedule showing the number of persons listed during the first seven week days of May and April by the Listing Board during the period of its existence, from 1903 to 1915, inclusive, the number of applicants for supplementary listing, the number of certificates refused, the number of certificates granted and the total number of male applicants listed:

YEAR.	Canvass May 1.	SUPPLEMENTAL.			Total Men Listed.
		Number of Applications.	Refused Certificates.	Granted Certificates.	
1903	181,045	3,412	53	3,359	184,404

1915 *	220,883	2,141	73	2,068	222,951

* Changed to April 1.

The number of persons on the original assessors' list in the year 1902, the year prior to the creation of the police listing law, was 175,885, and the number of persons supplementary assessed in said year was 4,096. The number of persons on the original assessors' list for the year 1916, the year following the repeal of the police listing law, was 211,101, and the number of persons supplementary assessed in said year was 4,040.

The number of women voters verified by the Listing Board was as follows:

1903	14,611
1904	15,633
1905	14,591
1906	13,427
1907	12,822
1908	11,915
1909	11,048
1910	10,486
1911	9,935
1912	10,567
1913	9,686
1914	8,963
1915	8,253

Revision of the Voting List.

The names of 1,233 voters were stricken from the voting list by reason of death, removal from the city and other causes. Of this number one was removed by reason of complaint of illegal registration.

Presidential Primary.

According to chapter 16 of the General Acts of 1916 the method of voting in presidential primaries was changed by providing that the ballot might contain a statement of the preferences, if any, of a candidate for delegate for a candidate for nomination for president, provided that such statement appeared in the nomination papers and such candidate for nomination for president filed his written assent thereto, which might be communicated by either telegraph or cable.

The law under which the presidential primary of 1912 was held, providing that there might be placed upon the ballot the names of candidates for the nomination for president and vice president, and that each voter might express his preference by voting therefor, was repealed, thereby obviating the confusion that arose from the results of that primary. The law now gives an opportunity for a clean-cut expression as to the wishes of the voters in electing delegates to the national convention.

Special Primary.

A special primary, rendered necessary by reason of a decision of the Supreme Court invalidating the report of the Board of Apportionment as to representative districts in Suffolk County, was held on October 23, 1916, in sixty-two precincts of the city located in Wards 6, 19, 20, 21, 22, 23 and 24 at a cost of approximately $5,000.

New Division of City into Wards.

The new division of the city into wards went into effect at the state primary held on September 26, 1916.

Representative Districts.

The following is a table showing the redivision of Suffolk County into representative districts as made by the Board of Apportionment, and the number of representatives each district is entitled to:

DISTRICT.	Ward.	Number of Representatives.	DISTRICT.	Ward.	Number of Representatives.
1	1	2	16	16	2
2	2	2	17	17	2
3	3	2	18	18	2
4	4	2	19	{19, 20}	3
5	5	3	20	Chelsea and Revere	1
6	6	3	21	Winthrop	1
7	7	3	22	{22, 23}	3
8	8	2	23	Chelsea	1
9	9	2	24	{21, 24}	3
10	10	2	25	25	1
11	11	2	26	26	1
12	12	2	27	Revere	1
13	13	2		Total	54
14	14	2			
15	15	2			

Boston now contains 26 wards with a total of 223 precincts.

NEW LEGISLATION.

For the first time in the history of the state, senators in Congress were nominated and elected by direct vote.

Chapter 80 of the General Acts of 1916 provides that if a voter declares under oath to the presiding officer that by reason of blindness or other physical disability he is unable to prepare his ballot or register his vote upon a voting machine, he may be assisted in such marking or registering by any qualified voter whom the aforesaid voter may designate. Formerly he could be assisted only by one or two of the election officers who must have been of such political affiliation as the voter might have requested. This act was proposed and advocated before the Legislature by voters suffering from blindness. While the motive behind this act is most meritorious there is a danger that it may destroy in part the secrecy of voting, for the persons who rendered assistance before were sworn officers of the law, while under the present act any qualified voter may

give such assistance. In connection with this section we have received the following opinion from the Corporation Counsel:

"In reply to yours of October 17, 1916, respecting the interpretation of section 294 of chapter 835 of the Acts of 1913, as amended by chapter 80 of the General Acts of 1916, it is my opinion that a voter who declares on oath that because of blindness or other physical disability he is unable to prepare his ballot must be assisted in the manner provided in said statutes. His declaration on oath is conclusive so far as his right to such assistance is concerned. If his statement is false in fact he may be prosecuted later under section 451 of said chapter 835, but the belief of the presiding officer that the declaration is false does not affect the voter's right to assistance at the time he makes the declaration. If, however, a voter does not declare that he is blind but only that his eyesight is so defective that he cannot mark his ballot without the aid of eye glasses and that he has left his glasses at home, he may be refused assistance. This appears to be the law as stated in the case of State *v.* Gay, 59 Minn., page 6. Therefore, I advise that assistance be refused in such cases."

Chapter 790 of the Acts of 1914, entitled "An act to abolish the enrolment of members of political parties and to limit the membership of ward and town committees," was submitted to the voters at the annual state election in 1914 in the form of the following question: "Shall the act passed by the General Court in the year nineteen hundred and fourteen, providing for the abolition of party enrolment at primary elections, be accepted?" The act was accepted by the following vote:

Yes	253,716
No	86,834

Chapter 179 of the General Acts of 1916, entitled "An act to prevent the voters of one political party from voting in the primaries of another political party," was submitted to the voters at the annual state election in 1916 in the form of the following question: "Shall an act passed by the General Court in the year 1916, entitled 'An act to prevent the voters of one political party from voting in the primaries of another political

party' be approved and become law?" The act was accepted by the following vote:

Yes	209,624
No	150,050

The latter act provides when in a primary a voter seeks to pass the guard rail he shall be asked by one of the ballot clerks with which political party he desires to be enrolled, and the ballot clerk upon reply shall distinctly announce the name of such political party and give him such political party ballot. The voter's selection shall be checked on the voting list used by the ballot clerk, and such list shall be returned to the Election Commissioners, for preservation during the next succeeding three calendar years.

The act also provides that no voter enrolled at a primary shall be allowed to receive the ballot of any political party except that with which he is so enrolled, but he may establish, change or cancel his enrolment by appearing in person before the Election Commissioners in Boston, if he votes in Boston, and requesting in writing to have his enrolment changed to another party, or canceled, or by filing with such officers the said request in writing acknowledged before a justice of the peace; provided, that such change or cancellation shall not take effect until the expiration of thirty days after so appearing or filing said request.

POLLING PLACES.

The city contains 223 polling places, of which 120 are located in schoolhouses, 15 in public buildings, 7 in hired rooms, 63 in voting booths located on lots of land and 18 in voting booths which we locate on the public highways. Under the new division of the city into wards and precincts a radical reduction has been made in the number of booths so located on the highways, the number being reduced from 53 in 1915 to 18 in 1916.

JURORS.

The jury list prepared by the Board in 1916 contained the names of 9,843 voters of Boston. During the time covered by this report 2,472 persons were drawn for jury service.

Membership of the Board.

The term of Hon. John B. Martin expired March 31, 1916, and he was reappointed for the term of four years ending March 31, 1920, and was approved by the Civil Service Commission. He immediately assumed the duties of his office.

Expenses of the Department.

The expenses of the Election Department for the year ending January 31, 1917, amounted to $156,382.38.

Property of the Department.

A schedule of the property of the department will be found on the last page of this report.

Respectfully,

John M. Minton,
Melancthon W. Burlen,
Frank Seiberlich,
John B. Martin,
Board of Election Commissioners.
